833 TEA CADDY. Wood, bound with ivory, covered with tortoise shell, silver ball on top, silver mountings and legs (one missing); under the lock is a silver plate inscribed T. JEFFERSON, 1784. Length 7, width 3½, height 6 inches. In fine preservation; one of the most interesting American relics ever offered at auction.

FROM THE EVENING TELEGRAM, N. Y., NOV. 11, 1887.

"For some months past a well known New York family has had on exhibition a number of objects of historical interest from all parts of the country. One of the most interesting and valuable of these is a small tea caddy, about seven inches long and five inches wide and high. This miniature tea chest is made of wood, and covered with tortoise shell, bound with silver. On the top of the lid is a small silver ball, while the casket rests upon three smaller ones, also of silver, serving as legs. The fourth has long been missing. The interior of the caddy is divided into two compartments, each having an ivory knob on the lid.

The chief value of this small object lies in the fact that it was once the property of Thomas Jefferson, and from it tea has been made by George Washington, Alexander Hamilton, Knox, Randolph, and many others of his associates. A frequent visitor at Jefferson's home, Monticello, after he left public life, was Alexander Fenton, and to him the Sage of Monticello presented this caddy, and the Fenton family, who now own it, have many times refused hundreds of dollars for their memento of the old tea-drinking days.

When and where the chest was made is unknown, but a small silver shield on the top of it bears the simple inscription: "T. JEFFERSON, 1781."

Public Exhibitions in Art Gallery.

The DEPARTMENT of ANCIENT and MODERN COINS, MEDALS, POSTAGE STAMPS, ANTIQUITIES, BRIC-A-BRAC, etc., is under the charge of Mr. ED. FROSSARD, the well-known Numismatist, who will Catalogue for Special Auction Sales, Consignments or Collections, large or small.

COLLECTIONS APPRAISED; CASH ADVANCES MADE.

SPECIAL NOTICE.

Many changes have lately taken place among Coin Dealers, and it is probable that several who have heretofore received bids for my sales will not, in the future, attend to this branch of their former business.

Considering the fact that I am constantly engaged in cataloguing important Collections, that the properties offered are not my own, as is generally the case with most dealers, but really belong to bona fide owners, may I ask collectors who desire to be served regularly with my Catalogues, and who wish to be represented at my sales, to favor me with their correspondence and bids? If so, they are assured of prompt attention, careful purchases at satisfactory prices, and in general an intelligent service.

My terms are: For purchases up to $25, 10 per cent.; for purchases in excess of $25, 5 per cent. I attend to all New York Coin sales at the same rates as for my own.
